

**Journal - Office of Legislative Counsel  
Friday - 27 September 1963**

**Page 3**

25X1 8. [redacted] Picked up copies of a House Government Operations Committee report entitled "U.S. Information Problems in Viet Nam" which is scheduled for release on 30 September. Copies of this report are being forwarded to the Director and FE Division.

25X1 9. [redacted] Talked with Mr. Chris Mathisen, in the office of Representative John D. Marsh, concerning the Congressman's availability for a visit to the Agency next week. Mr. Mathisen said that while the House would be in session they were anticipating a light schedule and Mr. Marsh expected to be free on Thursday or Friday. I advised Mr. Mathisen that we would like to have the Congressman come out at that time although we could not be certain that General Carter would be available then. We are to discuss this further early next week.
